Since 1934

Our belief has always been that the customer defines our success.

In 1934, our great grandfather formed a company named De Schaap B.V. in Amsterdam, The Netherlands. Noticing the lack of quality throughout the marketplace, he dreamed of breaking free from the status quo and began importing only the finest nuts and dried fruits. He took great care in selecting a range of

products that would delight every one of his client's senses. Visiting his store was never a simple trip to the store. It was an experience where you would find yourself surrounded by alluring sights, pleasant smells and kind people. His vision allowed the company to grow to 2,500+ stores.

L'Orenta is the embodiment of what the Henselijn family started over 80 years ago.

Today, we continue our family's tradition by sharing our great grandfather's vision with you, to arouse and excite your senses.

We are proud to say we are continuing our family legacy. With L'Orenta you will be enveloped in warm aromas and exquisite tastes. Like our great-grandfather so many years ago, we invite you into our home.
